t.Roy & The Smoking Section release "Dining Area"

t.Roy & The Smoking Section announce the release of their fourth release, and the first full-length album following three EPs since 2014.

Like previous releases, this album features many of t.Roy friends playing on the tunes. This project was recorded mostly in Asheville NC, with some supporting players coming from Southeast Texas (Beaumont)

The first half of 32 songs recorded, "Dining Area" is a bluesy rock offering with many introspective lyrical thoughts put to music. Listeners will be instantly delighted with the piano prowess of Lenny Pettinelli, as well as the soaring vocals of t.Roy.

The follow will feature more blues oriented songs, while this one is a nod to t.Roy's classic rock foundation.

Recommended tracks are:

*Southeast Texas Son*

*Chaison Park*

*Some Kind of Secret*

*Color Me Blu*
